DELIVERY NOTE

AIMS Capital Platform — Public Website & Admin Dashboard

CLIENT
AIMS Capital Associates

PROJECT
AIMS Capital Platform (aimscapital.rw)

DEVELOPER COMPANY
Switchiify Platforms Inc

LEAD DEVELOPER
Mushinzimana Jean Baptiste

DELIVERED
August 2026

VERSION
2.0 (Final)

1. What You Got

1. **Public Website** (aimscapital.rw) — Marketing site + member portal
2. **Admin Dashboard** (admin.aimscapital.rw) — Management system

2. Payment & Contract Signing

To **close this project and move to the next phase**, the following must be settled:

2.1 Agreed Payment

Project total: 250,000 FRW
Already paid: 100,000 FRW
Remaining balance: 150,000 FRW

Item	Amount	When
Remaining project balance	**150,000 FRW**	**On delivery** — paid once, at contract signing
Maintenance fee	**30,000 FRW / month**	**Monthly after delivery** — recurring, starts once the project is delivered/closed

- The **100,000 FRW** has already been paid.
- The **150,000 FRW** is the **remaining balance** on the 250,000 FRW project and is paid **on delivery**.
- The **30,000 FRW** is the **monthly maintenance fee**, paid **every month after delivery**. It is NOT included in the delivery payment — it is billed monthly, starting after delivery, and covers the maintenance agreement described in Section 3.
- **Total due on delivery: 150,000 FRW** (the maintenance fee is billed monthly thereafter).

2.2 Contract Signing

- The delivery contract must be **signed** by both parties to confirm receipt and acceptance of the delivered work.
- The **maintenance agreement** must be signed together with the delivery contract to activate monthly maintenance coverage.
- Upon signature and payment of the **150,000 FRW remaining balance on delivery**, the project is officially **closed** and the team moves to the **next phase**.
- The **30,000 FRW monthly maintenance fee** is billed starting the month after delivery.

3. Maintenance Agreement

The **30,000 FRW monthly maintenance fee** (billed monthly after delivery) covers the following:

3.1 What Is Included

1. **Overall daily site health** — monitoring uptime, page loads, and general site performance.
2. **Backup / loss of data** — scheduled backups and recovery in case of data loss.
3. **Database security** — protection and monitoring of the database, including security updates.
4. **Slight site changes** — minor edits that are different from building a new feature (see below).

3.2 Slight Changes vs. New Features

- **Slight changes are included** in the maintenance fee. These include:
  - Adding **images of the team**
  - Updating **new addresses** and contact details
  - Other small content and layout adjustments
- **The rest** of routine updates (e.g. blog posts, member approvals, service request reviews, appointments) are done **at the admin level** by the client team in the dashboard.
- **New features** or adding a new feature are **NOT** included in the maintenance fee and shall require **extra cost**, calculated on the basis of the maintenance fee.

4. Admin Login Credentials

Admin Dashboard URL: https://admin.aimscapital.rw

Email: aims@aimscapital.com
Default password: password123

> **Note:** The internal team **already has the admin credentials**. The default password **has already been changed by one of the internal team members** — the new password is known only to the internal team.

5. Social Media Accounts

> **Note:** The contract **excluded anything related to social media handlers**. For this reason, **all social media passwords are shared with the internal team** and the internal team is responsible for managing the accounts. **Changing the passwords directly** is recommended for better security.

The site has a **single overall social media presence** — the accounts below, shown in the website footer under "Follow Us".

All social media accounts — including LinkedIn — use the same password:

Password: `2025@aimscapital.org@2025`

Platform	Account	URL
Twitter / X	ACA_Attorneys	https://x.com/ACA_Attorneys
Instagram	aims.attorneys	https://www.instagram.com/aims.attorneys/
Facebook	AIMS Attorneys	https://www.facebook.com/people/AIMS-Attorneys/61592019836974/
LinkedIn (personal account)	Same password	Company page to be created (needs 10 connections)

5.1 LinkedIn — Company Page

- LinkedIn uses the **same password** as the other social media accounts.
- To **create the company page**, the personal LinkedIn account must have **at least 10 connections**.
- The **internal team may find (acquire) those connections** so the company page can be created.

6. Admin Dashboard — What You Can Do

6.1 Blog Management

- Write and publish blog articles
- Upload cover images for each post
- Edit or delete existing posts
- Preview before publishing
- SEO automatically handled (sitemap, metadata)
- Posts appear instantly on public website

6.2 Member Management

- **Approve** new member applications (sends welcome email)
- **Reject** applications with reason (sends explanation email)
- **Suspend** active members (sends notification email)
- **Reactivate** suspended members
- **Delete** members permanently
- **Send messages** directly to members
- View member details and activity

Two membership types:

- Beneficial Members (clients accessing services)
- Professional Members (partner professionals)

6.3 Service Request Management

- Review service requests
- **Approve** or **Reject** with optional message
- Client gets email + in-app notification automatically
- Track all requests (pending, approved, rejected)
- See priority (normal/urgent)

6.4 Appointment Scheduling

- Create appointments for clients
- Choose platform: Zoom, Google Meet, Microsoft Teams, In-Person, Phone Call
- Set date, time, and priority (normal/urgent)
- Add meeting notes
- **Confirm** pending appointments
- **Cancel** if needed
- **Mark as completed** after meeting
- Client gets email notification automatically

6.5 Messaging System

- Two-way chat with members
- View conversation history
- Reply to member messages
- See unread count
- Client gets notification when you reply

6.6 Dashboard Overview

- Total blog publications
- Published vs draft posts
- Pending appointments
- Unread messages

- Active members
- Pending service requests

7. Member Portal — What Members Can Do

Access: Members log in at aimscapital.rw/membership

- **My Services** — Browse all 12 available services, request services with notes and urgency, track status (pending, approved, rejected)
- **My Appointments** — View scheduled meetings, date/time/platform, meeting links, track status (pending, confirmed, completed, cancelled)
- **My Messages** — Send messages to AIMS admin, reply, view history, get notifications
- **Dashboard** — Service requests summary, upcoming appointments, unread messages count, quick actions

8. How the System Works

New Member Registration Flow

1. Person registers on public website
2. Admin receives notification in dashboard
3. Admin reviews application details
4. Admin clicks "Approve" → welcome email + login access
5. OR Admin clicks "Reject" with reason → email with explanation

Service Request Flow

1. Member logs in and goes to "My Services"
2. Member clicks "Request" on desired service
3. Admin reviews in Service Requests page
4. Admin clicks "Approve" or "Reject" (optional message)
5. Member gets email notification + in-app message
6. Member sees updated status in their dashboard

Appointment Flow

1. Admin creates appointment in dashboard
2. Enters client name, email, date, time, platform
3. Client receives email notification
4. Client sees appointment in their portal
5. Admin confirms appointment → Client gets confirmation
6. Meeting day: Client has meeting link (for virtual)
7. After meeting: Admin marks as "Completed"

Blog Publishing Flow

1. Admin goes to "Publications" → "New Publication"

2. Writes title, content (supports basic formatting)
3. Uploads cover image
4. Selects category and author
5. Previews the post
6. Toggles "Published" switch
7. Clicks "Save"
8. Post appears on website immediately
9. Automatically added to Google sitemap for SEO

9. Public Website Pages

Main Pages:

- **Homepage** (/) — Hero, practice areas, services overview
- **About** (/about/) — Company history, founder bio, mission & values
- **Practice Areas** (/practice-areas/) — All 12 specializations
- **Our Team** (/team/) — Leadership and staff profiles
- **Events** (/events/) — Audio & video coverage of events, interviews and briefings
- **Partnerships** (/partnerships/) — Strategic partners
- **Publications** (/publications/) — Publications
- **Blog** (/blog/) — Articles and insights
- **Contact** (/contact/) — Contact form and office details
- **Membership** (/membership/) — Registration and login

Member Portal Pages:

- **Dashboard** (/account/) — Overview
- **My Services** (/account/services/) — Request and track services
- **My Appointments** (/account/appointments/) — View meetings
- **My Messages** (/account/messages/) — Chat with admin
- **Settings** (/account/settings/) — Account preferences

10. Quick Start Guide for Admin

First Time Setup:

1. Go to https://admin.aimscapital.rw
2. Login with the admin credentials already held by the internal team (the default password has been changed by an internal team member)
3. Explore the dashboard

Daily Tasks:

1. Check pending member applications (Members → Pending tab)
2. Review service requests (Service Requests page)
3. Respond to member messages (Messages page)

4. Confirm appointments (Appointments page)
5. Publish blog content (Publications page)

11. Team Actions & Responsibility

- Each team member is responsible for the accuracy, quality, and currency of the content (including images) they publish or manage on the website.
- **Image issues have been reported** and the responsible individuals **have been reminded** of their duty to keep all published material correct, professional, and up to date.
- Slight changes such as adding team images or updating addresses are covered under the maintenance agreement (Section 3).
- Any reported content issues must be resolved before sign-off on each delivery phase.

12. Key Features

For Admin

- ✅ Complete blog publishing system
- ✅ Member approval/rejection with email notifications
- ✅ Service request approval workflow
- ✅ Appointment scheduling with multiple platforms
- ✅ Two-way messaging with members
- ✅ Real-time dashboard statistics
- ✅ Role-based access (Admin, Editor, Administration, Customer Care)

For Members

- ✅ Request services online
- ✅ Track request status
- ✅ View and manage appointments
- ✅ Message admin team
- ✅ Access all services from one portal

For SEO

- ✅ Dynamic sitemap with blog posts
- ✅ Optimized metadata for all pages
- ✅ Open Graph tags for social sharing
- ✅ Structured data (Schema.org)
- ✅ Mobile responsive design

13. Contact Information

Client — AIMS Capital
Email: attorneys@aimscapital.org

Phone: +250788309268
Office: KG 5 Ave, Plot 2, Kacyiru (near KBC), Gasabo District, Kigali, Rwanda

Development Company — Switchiify Platforms Inc
Lead Developer: Mushinzimana Jean Baptiste
Email: info@switchiify.com

Contact page: switchiify.com/contact
Tel: 0782097108
WhatsApp: 0791746049
Address: Masaka Dubai Port Road, Masaka - Kicukiro, Rwanda

14. Closing & Next Phase

- To **close the project and move to the next phase**, the **150,000 FRW remaining balance** must be settled on delivery (100,000 FRW of the 250,000 FRW project has already been paid) and the delivery + maintenance contract signed (Section 2).
- After delivery, the **30,000 FRW maintenance fee is billed monthly**, activating maintenance coverage under Section 3 — **daily site health, backup/data-loss protection, database security**, and **slight site changes**.
- **New features** requested beyond the scope will be quoted separately, based on the maintenance fee.
- All **social media passwords (including LinkedIn) have been shared with the internal team**, as the contract excluded social media handling. **Changing the passwords directly is recommended**.
- The **internal team may find the 10 connections** needed so the **LinkedIn company page** can be created.
